

NYS FOP President Charlie Caputo, the Executive Board and Beacon Financial Group bring you the:  
New York State FOP Prescription Discount Program to assist in saving money on health insurance costs.

### **New York FOP Complimentary Prescription Discount Program:**

- The FOP HealthTrans Access card is a FREE card for NYFOP members and can be given out to anyone you know!
- Save 10% to 85% on the cost of both brand and generic medications.
- The entire family, friends, and complete strangers can use the card.
- There are no limits on the number of prescriptions.
- Uninsured or underinsured individuals and families welcome the discounts.
- Additionally save 10-40% on Lab work and Imaging.  
Can be used at pharmacies all over the US!
- Helping people save money never felt so good.

These cards are FREE to members of the NY FOP, they can be used at any participating pharmacy to receive a discount on prescriptions. Members can give these cards to family members, friends and acquaintances!!

You can print out a copy of your card, right now! Just click the card to the right.

One of the unique aspects of this program is that you can see not only what pharmacies in your area (or any other area) accept this discount card, but also what you can expect to pay for each prescription at those pharmacies. You can also find out about lab and imaging discounts. Use the link below to see what your prescription will cost with this discount card!

<https://hta96.lc.healthtrans.com/>

Or: Simple take the card to your local pharmacy. The pharmacist will calculate the cost using your current prescription plan, and if you don't have one, wait till you see the savings, and the NYFOP Discount plan. They then will offer you both prices and you choose which is least expensive. It's that simple.

Savings has never been so easy.

And there is ABSOLUTELY no fee to use the card. \*\*This program does not work with any existing prescription coverage you may have but you may receive a greater discount using this card, ask your pharmacist or check online!
